

ABOUT US

The importance and widespread uses of timber especially in construction is of no secret to anyone. It is a versatile, sustainable, and cost-effective building material that combines both beauty and performance. Realizing its significance, Nan Sun Timber & Hardware was founded in Kluang, Johor and has been in the forefront of superior timber and construction materials supply for over 40 years.

Since starting out in September 1979, Nan Sun Timber & Hardware Sdn. Bhd. has remained a family owned business. We have since grown and expanded into a group of companies consisting of Nan Sun Development (Kluang) Sdn. Bhd., Nan Heng Concrete Trading Co. and Fronta Sdn. Bhd. Years of knowledge and experience have been passed down to the family's third generation who are currently overseeing the establishment. We revel on quality products and building meaningful relationships with clients. Our business encompasses a variety of construction material supply and trading.

Serving mainly but not limited to southern region of Malaysia, we pride ourselves in presenting customers with a comprehensive range of products and hardware at very reasonable prices. With four decades of experience, we have cultivated a team of specialists dedicated to providing first-rate construction solutions to meet any building project needs.

Delivery Service:

We have a dedicated logistics team to provide hassle-free and prompt delivery services at highly affordable rates. Nan Sun Timber & Hardware has our own fleet of body trucks which services areas in Malaysia for your convenience. Our vehicle fleet is able to transport a wide variety of construction materials of various quantities.
